EVENT CAMPAIGN DESIGN

PLUS LOADS MORE

Specialising in creating marketing collateral and products for sporting events, we work with our clients to create custom-designed, quality items that align with their unique business goals.

As one of the most active nations on earth, sporting events in Australia are numerous and well attended. It is more important than ever to stand out from the crowd by creating promotional products with impact – race medals, clothing, promotional items and supporting event material that are eye-catching, stylish and useful.

Our goal is to create coveted items that are proudly worn and displayed long after the event has finished – exposing your brand over and over again.

We have built close relationships with our supply chain to ensure our products meet our high-quality expectations, whilst providing our clients with excellent value for money.

ABOUT KATY PASTOORS

Creative Promotion + Products was created by Katy Pastoors to provide a niche service. With a love of running along with over 18 years graphic design experience, including the design of Women's Running Magazine for three years and Run For Your Life for four and a half years, Katy works with over 100 regular clients every year. Katy's love for running and consequent passion for working with running events across Australia translates into carefully designed and managed creative campaigns tailored to each event.

Katy came to my aid for an event in September, when looking for event medals. In a few days I had an excellent final design, for medals and ribbons. Her attention to details is amazing and the final delivery very speedy. Her promotional products are also excellent and we selected the "cup2go" at a very late stage. This was not a problem for Katy, and we received the product very speedily. Katy has, not only excellent design skills, but is also tolerant, calm and a pleasure to work with. You won't be disappointed.

Wendy - Run the Great Whitsunday Trail

Katy Pastoors is one of my most reliable and favourite external suppliers to my business.

As a fellow small business, her customer service, reliability and efficiency is everything. In over three years of working together, not once has she missed a deadline or let me or my clients down.

With the range of services extending already from graphic design, to product ordering, I'm excited to see what other work we can do together in the future.

We've referred colleagues to Katy before and would have no hesitation to do it again.

Richard Welsh - Epic Events and Marketing

After searching for weeks for someone to help me with a new logo design I finally came across Katy.

Her attention to detail, communication, promptness and efficiency is AMAZING.

Jason Allie - Allie Performance Coaching

RACE MEDALS

Give your finishers a memento of the race with a unique race medal.

We work with you from creative inception and campaign design with a full graphic design service, right through to manufacture, liaising directly with our factory to produce high-quality, distinctive medals.

We design digitally interactive as well as printed pre- and post-race booklets for your event. Digital event booklets are an easy way for participants to access all the event details ahead of the day and maximise exposure of your sponsors with clickable links to their websites.

We can also design printed booklets for entrants to keep as a memento, managing the entire process from design right through to printing.

A value-added service, we can create event maps to include in your publications.

For over 11 years, the local Darwin and wider community in the Northern Territory have supported ConocoPhillips in the operation of its Darwin Liquefied Natural Gas Facility at Wickham Point.

With this support, we've been able to make DLNG a global success, delivering over 620 cargoes with the highest standards of safety, environmental and operational excellence.

During our time in the Northern Territory, we've proudly trained a world-class, residential workforce with exceptional skills and knowledge, while also supporting and growing the capacity of local businesses.

Thank you to our employees and their families, contractors, Territory businesses, and the Top End community - without your energy and contribution, our day-to-day operations would be impossible. We look forward to continuing our relationships and partnerships into the future.

ConocoPhillips is proud to support the iconic City2Surf as part of our local community investment. We wish all participants the best of luck in the 2018 NT ConocoPhillips City2Surf.

Darwin LNG operates on Larrakia country. We acknowledge the Larrakia people as the Traditional Custodians of the Darwin region, and pay our respects to Larrakia elders past and present.

SUBLIMATION

mishee84 @creativepromoandproducts I was hesitant to run such a long distance in a shirt I'd never worn before. They were amazing. Light weight, quick drying and no chafe! Thank you, I Loved wearing it 🙌
